#### Notes:

1 c.m. = 264 USgal

- Assuming a population of 3000
- 2014 consumption includes the month of November.
- Daily Average means the average daily demand that year.
- Max. Daily means the day of the highest consumption that year.
- Min. Daily means the day of the lowest consumption that year.
- By coincidence the dates of maximum daily consumption in 2011 and 2012 are the same.
- The lowest consumption day and volume in 2014 may vary when December consumption is included.

*\*Does not include December, 2014*
