

## Town of Lake Cowichan

# **WATERMAIN FLUSHING NOTICE**

Please be advised that the Public Works Department will be undertaking routine watermain flushing within the Town of Lake Cowichan for the month of March 2018.

During this time, some water discolouration and short periods of low water pressure may be experienced. If you experience water discoloration, please run the tap until water is clear.

Commercial establishments, such as laundromat, beauty salons, hotels and restaurants will receive advanced warning of flushing in their area if a request for such notification is received by the Public Works Department in due time.

The Town of Lake Cowichan does not accept responsibility for any damage arising from the related work.

We apologize for the inconvenience and thank you for your cooperation.

Nagi Rizk, P. Eng.

Superintendent, Public Works and Engineering Services
