

MAYOR'S 3rd QUARTERLY REPORT

October, 2024

October 2024 marks the halfway point for this Council's term, and with that, I would encourage you to take the time to watch Councillor Frisby's video on Facebook showcasing the accomplishments to date. There are still several items that need to be addressed in the Strategic Plan, and Council will continue to work on those during our remaining term.

A special thank you to Councillor Sandhu, as Deputy Mayor, and the rest of Council for covering my duties as I recover from my hip replacement surgery, very much appreciated.

October also marks the return to a slower pace in Town, summer has come and gone and we saw a large influx of Tourists coming to our region to shop, visit our unique shops and recreate. A Parking Study was conducted during this time to identify areas that need addressing. Please consider shopping locally during the off-season to ensure the continued viability of our businesses.

The Provincial Election left us in suspense as a clear message was sent by the electorate on their frustrations with a number of issues. To all who were successful, congratulations, to those who put their names forward, a huge thank you. Let's see where the next weeks and months lead us as the Province moves forward.

On behalf of Council, a shout out to all the great volunteers and Organizations in our community who go above and beyond to support the citizens of our area.
